About Indian Institute of Management Kozhikode

The Indian Institute of Management Kozhikode (IIMK), established by the Government of India in 1996, is one of the country's premier and fastest-growing management institutions, ranked 3rd in NIRF. Known for its scenic, eco-friendly campus, IIMK shapes future business leaders through cutting-edge teaching, research, consulting, and innovation. Its pioneering initiatives in digital learning and inclusive education have set benchmarks emulated nationwide. With prestigious global accreditations (AMBA and EQUIS) and top FT and QS rankings, IIMK continues to redefine business education as a thought leader in the digital age.

About Nalanda Library and Information Centre

The Nalanda Library and Information Centre (LIC) is a dynamic and strategic learning partner of the Indian Institute of Management Kozhikode (IIMK). Guided by the institute's values of Satyam (Authenticity), Nityam (Sustainability), and Purnam (Fulfilment), the LIC stands among India's top management information centres, offering cutting-edge technological infrastructure and resources to its academic community. With extensive print and digital collections, access to over 100 databases empowers students, faculty, researchers, and alumni to excel academically and uphold research integrity. Strategically located at the campus centre with views of the Amphitheatre, it provides diverse study spaces and dedicated support for research and information needs. The LIC fosters collaboration, resource sharing, and global knowledge exchange through active national and international partnerships. The LIC strengthens IIMK's research impact worldwide, serving as a vibrant hub for intellectual growth and innovation.

About the Seminar

To commemorate the birth anniversary of Dr. S. R. Ranganathan, the 'Father of Library Science' in India, the Nalanda: Library and Information Centre, IIM Kozhikode, is organizing **One-day National Seminar on "Libraries and Digital Disruption: Navigating Change, Sustaining Relevance."** This seminar will focus on how libraries can proactively respond to digital disruptions. It will serve as an excellent platform for learning and networking, bringing together LIS professionals, practising librarians, academicians, and research scholars. Endeavouring to exchange insights on embracing technological change, enhancing user experience, integrating AI and digital tools, and upholding the fundamental principles and continued relevance of libraries in academic and research institutions. Through expert presentations and panel discussions, the seminar will provide a forum for dialogue, collaboration, and knowledge sharing on how libraries can adapt and lead in this disruptive era.
